Year 4 – Term 1, Week 4 Learning Intentions

Dear Parents,

Please find below some of our weekly learning intentions for Year 4.

Religious Education

This week in Religious Education we have explored one of our Essential Questions, ‘What is the purpose of the Sacraments of Healing?’ We have considered how Jesus calls us to be reconciled with God and each other, discussing how the sacrament of Reconciliation celebrates God's forgiving love. We have also reflected on how the sacrament of the Anointing of the Sick gives strength, peace and courage to those who are ill, suffering or frail through old age. We used the Thinking Strategy ‘I used to think… Now I think…’ to help the students reflect on how their thinking about these sacraments have shifted and changed over time.

English

We have been learning how to make intelligent predictions while reading and comprehending a variety of texts. The class created success criteria, for one particular partner learning experience is included below.

Success Criteria: we will be successful when we...

- Use our prior/background knowledge
- Use textual information/clues
- Think outside the box, be open to new ideas
- Choose a sensible learning space with my partner

Mathematics

We are learning how to estimate, measure and record different objects using mm, cm and m.

PDH

We have been exploring ways in which we can be fire safe at school and at home.
